DNUR FATHURROCHMAN

Forward Deployed Engineer · Senior IT Consultant & Business Analyst · Squad Leader

PROFESSIONAL SUMMARY

Technology leader and business analyst with 7+ years of experience across web and mobile development, digital business, and technical consulting. Currently a Forward Deployed Engineer and Squad Leader at Logique Digital Indonesia, where I bridge client needs and engineering delivery — leading web development squads, shaping data-driven SEO strategy, and turning business requirements into shipped, measurable products. Co-founder of Triglobs, a digital agency empowering SMEs and community institutions. Active part-time Practitioner Lecturer in Communication at Universitas Gunadarma.

PROFESSIONAL EXPERIENCE

Logique Digital Indonesia · Full-time · Jakarta, Indonesia

Forward Deployed Engineer / Senior IT Consultant & Business Analyst — Squad Leader, Web Dev Mar 2023 – Present

- Squad Leader of the Web Development squad, managing web development and continuous-improvement projects end to end.
- Craft data-driven SEO strategies that boost organic traffic, improve search rankings, and drive measurable business results.
- Identify and implement solutions that enhance website functionality, user experience, and overall performance.
- Act as the bridge between clients and engineering — translating business requirements into technical delivery.

Consultant & Business Analyst (CBA) Nov 2022 – Mar 2023

- Managed and delivered projects within the Web Development squad.
- Analyzed project requirements and prepared budgets and schedules.
- Developed detailed designs and plans, monitored progress, and produced project reports.
- Built and maintained strong relationships with clients and stakeholders.

Triglobs (Triwikrama Global Solution) · Co-Founder · Digital & Creative Agency

Co-Founder & Technical Lead [Year] – Present

- Co-founded a digital & creative agency serving SMEs (UMKM), village governments, and educational institutions.
- Lead technical direction and delivery — company website, client web builds, and CMS features using Laravel, Blade, Alpine.js, Tailwind CSS, and GSAP on cPanel.
- Drive a social mission providing affordable digital presence, including support for Pesantren BSA.

Universitas Gunadarma · Part-time · Practitioner Lecturer, Faculty of Communication

Public Speaking · Mass Communication · Digital Human Relations Sep 2022 – Present

- Practitioner lecturer helping students master effective communication and public speaking.
- Teach mass communication topics: media theory, digital mass communication, and communication revolution.
- Deliver Digital Human Relations coursework (hybrid delivery).

PT Maybank Indonesia Finance Tbk. · Full-time · Jakarta, Indonesia

Senior Supervisor, Digital Business Development Sep 2020 – Nov 2022

- Led Back-End, Front-End, and Digital Marketing staff within the Digital Business Department.
- Built, tested, and maintained web applications using Vue.js and ASP.NET Core; created and maintained SEO elements for corporate websites.
- Controlled projects using Agile/Scrum; maintained servers and accounts for Android & iOS deployment.
- Developed a company multichannel chatbot using Rasa.

LANGUAGES

Indonesian — Native
English — Professional

AWARDS

- 2nd — CanSat International Competition, Mongolia (2016)
- 5th — KOMURINO National Rocket Payload, LAPAN (2017)
- 4th — KOMBAT National Balloon Payload, LAPAN (2016)
- 2nd — Network Competition, Gunadarma (2015)

Junior Supervisor, Digital Business Development Jun 2019 – Sep 2020

- Programmer and leader in the Digital Business Development division; built and maintained landing pages with Vue.js.
- Revamped loan applications from React Native to Flutter; managed Back-End and Front-End developers.

Junior Supervisor / Front-End Developer, ICT Development Aug 2018 – Apr 2020

- Designed UI/UX and built/tested/maintained Android & iOS apps using React Native.
- Created services with the ASP.NET framework and deployed applications to the Play Store & App Store.
- Designed front-end interfaces using Adobe Illustrator (started as Development Staff, contract, Aug 2018).

Universitas Gunadarma — Robotics Division · Part-time

Aeronautics & Robotics Lab May 2017 – Jul 2018

- Worked in the aeronautics and robotics laboratory on programming and research projects.
